

Layout Form

Print this form and send it back via email to contact@aluminumfencesdirect.net or fax it to: **888-830-5126** with YOUR dimensions and we'll calculate what materials you'll need.

It doesn't matter if the lines above are in the exact location as long as the dimensions below are correct. If you want to draw on your own paper, that's fine too.

Please indicate which locations will have gates as well as what those gate widths will be and if they are single or double gates.

FOR CALCULATION PURPOSES, PLEASE DO NOT EXCLUDE THE GATE WIDTH FROM THE DIMENSIONS BELOW.

A	_____	<u>Fence Style</u>	<u>Fence Height</u>
B	_____	_____	_____
C	_____		
D	_____	<u>Gate Width</u>	<u>Location (A,B,C,D or E)</u>
E	_____	_____	_____
* F	_____	_____	_____
* G	_____	_____	_____
* H	_____		
* I	_____		

Please show gate location on each line on the above drawing.
 Example: If you have a 4' gate in A, show the intended placement. Is it at the HOUSE, in the middle, or at the end where A and B meet?

* If needed - Also, please try to indicate where these locations will be in the layout above.. We'll call if we have questions.
